23rd March 2017

Dear Parents/ Guardians,

SAFEGUARDING

Following yesterday's terrorist attack in London I felt it was appropriate to inform you of our approach to this in school.

Children have had the opportunity to discuss the attack in class with their teacher; this has been done in an age appropriate way.

We have emphasised our British Values of rule of law, democracy, respect and tolerance and also our human values of care and support for each other.

As adults we need to be vigilant and if you see anything suspicious dial 999 or 101 and ask for the counter terrorism office. I'm the named person for 'Prevent' at school if you wish to discuss matters.

The Government 'Prevent' document is available on our website as is our 'Extremism and Radicalisation' policy.

We all need to work together with the police and authorities to prevent such acts of violence happening in our country.

Thank you for your continuing support.

Yours sincerely

Mrs Kathryn Fretwell
